Eugene Fox
.NET developer

📍 Saint-Petersburg, Russia (available for relocation)

Enthusiastic, fast learning and energetic person. Love coding and creating something new. Like to draw and compose music. Always strive for new knowledge.

Experience

Spring 2024 – Spring 2025
Senior Software Architect | Ubitel
Architecting and developing software for embedded Linux systems.
- Designed a .NET-based architecture for a product from scratch
- Praised by colleagues for efficiency and productivity

2018 – Present
Open-source Developer
Creating new projects, occasionally contributing to open source.
- Created a .NET library that has 3,000 downloads on nuget.org
- Developed an Android app with Xamarin for my university

Spring 2023 – Spring 2024
Senior Software Engineer | A-rial
Development of wireless device management systems.
- Developed an internal web portal for our company with ASP.NET/React
- Conducted several big QA tests in collaboration with a client

Fall 2021 – Summer 2022
Chief Technical Officer | FoxDev Studio
Project development, team management.
- Created and led EasyLogon project
- Developed a Unity app that can control client's Bluetooth LE device

Projects

Spring 2025
EasyLogon | [GitHub](#), [Website](#), [Demo](#)
Service for QR code authentication on any website.
- Built an Android password manager app with Xamarin.Forms and C#
- Built a web application backend with ASP.NET, Web API and SignalR
- Built a Customer Portal with ASP.NET and EF Core

Spring 2021
SimpleOTP | [GitHub](#)
Lightweight extensible library for OTP authenticators.
- Built a library for generating and validating OTP codes with .NET 8

Spring 2019
FoxTube | [Demo](#)
UWP client for YouTube.
- Created an algorithm that combines video and audio feeds on the fly

Fall 2017
MotionDecoder | [GitHub](#)
WinForms application for analyzing CCTV footage.
- Implemented video analysis algorithm with DirectX API and CV

Education

Bonch-Bruevich University of Telecommunications

2019 – 2023
Computer science (BS degree)

2023 – Present
Radiotechnology (MS degree)

Tech stack

Proficient with:
ASP.NET • MVC • EF Core • DDD • REST • WinUI/UWP/WPF • MAUI/Xamarin • WinForms • Unity • Git • CI/CD • Docker

Supplementary:
React/TypeScript • HTML • CSS • System administration

Familiar with:
SQL • Mongo • Azure • Python • C/C++

Soft skills

- Creativity
- Fast learning
- Enthusiasm
- Problem solving
- Teamwork
